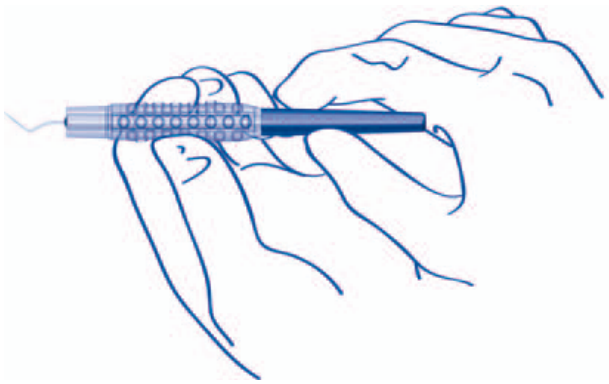
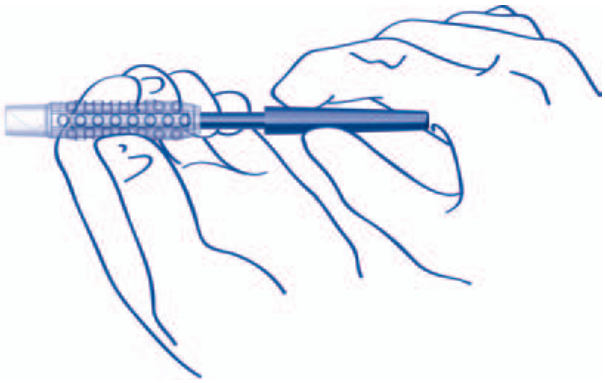
PROTEKT™
Sharps Safety Knives

THE SNAP-SAFE HANDLE
DIRECTIONS FOR USE





To Open:
With textured grip pointing away from body, slide grip back until it snaps to expose blade.

To Close:
With blade pointing away from body, slide textured grip toward blade until it snaps into guarded position.

The ProTekt™ Sharps Safety Knife with our patented Snap-Safe™ handle features premium quality blades manufactured using ExactEtch™ Technology with the safety of a sliding protective sheath.
They are available in a wide variety of blade styles including trapezoid, paracentesis, slit, precision depth, clear corneal and crescent designs.
Six (6) knives per box.
